

**NEW!**

# Norton Privacy Monitor Assistant

Screens modified for demonstration purposes. Subject to change.

Privacy Monitor Assistant requests removal of your personal information from data broker databases, helping prevent marketers from collecting your personal information.

Norton LifeLock Benefit Plans currently include Privacy Monitor to uncover where your personal information is stored.

With Privacy Monitor Assistant, **we request removal of your information for you**. Available in the fall of 2024<sup>†</sup>, this feature enhancement will be included in LifeLock with Norton Benefit Premier and Premier Plus.

## How Privacy Monitor Assistant Works

### Your exposed info is found

We scan popular data broker sites<sup>2</sup> for your personal info.

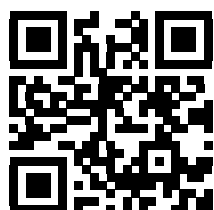

### You're opted out

Our Support Agents are available 24/7 and will request removal of your info for you.

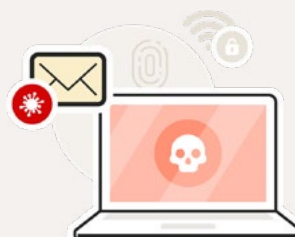

### You get ongoing support

Re-scanning every 90 days lets you know if your data was reposted, and we can request it to be removed.\*

## Has your personal info been exposed on the dark web?

Start your [dark web scan](#) to uncover potential threats to your identity.

<sup>†</sup> Availability is subject to change.

<sup>2</sup> Starting July 2024 will scan a total of 130+ broker sites.

\* Service can be used once every 90 days. You acknowledge our ability to submit a deletion request on your behalf depends on the presence of your personal information on the data broker sites we monitor.

## Take back control of your personal information online with Privacy Monitor Assistant.<sup>1</sup>

### Allow our expert agents to do the work for you

Scans 130+ data broker sites<sup>2</sup> to delete your personal information every 90 days **so you don't have to**. We also support custom removal requests from 700+ other websites.

### Online Account Cleaner

Helps you track and manage who has your info. Find old online accounts that hold your personal data and choose if you want to keep or delete them to help reduce your digital footprint and spam, and to protect yourself from future data breaches.

No one can prevent all cybercrime or prevent all identity theft.

<sup>1</sup> Service can be used once every 90 days. You acknowledge our ability to submit a deletion request on your behalf depends on the presence of your personal information on the data broker sites we monitor.

<sup>2</sup> Starting July 2024 will scan a total of 130+ broker sites.

<sup>†</sup> Availability is subject to change.
